

# Drug Disposal Program Memorandum

To: All Community Pharmacies in Iowa

From: Iowa Department of Public Health, Iowa Board of Pharmacy, & MedOne

Effective July 1, 2021, community pharmacies in Iowa will be able to submit electronic claims for reimbursement for Drug Disposal products for Iowa residents who are seeking methods to dispose old or unused prescriptions.

Electronic claims for DisposeRx® (NDC 64584-0000-40) or other participating disposal products may be submitted directly to this BIN and PCN to dispense drug disposal products at no charge to the recipient. Funding for the program is limited, and coordination of benefits (COB) is encouraged but not required.<sup>1</sup>

Pharmacies will be reimbursed \$7.50 for each drug disposal fill and for providing education on the importance of prompt and proper medication disposal.

If you have any questions regarding the Drug Disposal Program, or are in need of quantity limit overrides, please contact the Board of Pharmacy at 515-725-3492.
