Prescriptions

Question: Will my prescriber still be able to give me three prescriptions for my child's CII ADHD medication to be filled later?

Question: What if the prescriber sends my electronic prescription to the wrong pharmacy?

Question: Will it take longer to have my prescriptions filled?

Prescriptions

Question: Will my prescriber still be able to give me three prescriptions for my child's CII ADHD medication to be filled later?

Answer: Yes. The new law simply requires the prescriptions be transmitted electronically to the pharmacy, but a practitioner can still issue up to a 90 day supply of schedule II controlled substances as separate prescriptions to be filled at a future time.

Question: What if the prescriber sends my electronic prescription to the wrong pharmacy?

Answer: A pharmacy's computer system will be able to forward your prescription, including for controlled substances, to another pharmacy of your choosing.

Question: Will it take longer to have my prescriptions filled?

Answer:
