

Iowa License Management System

The Iowa State Fire Marshal Division has implemented an online system for licensing and registrations. While some paper application submittals will still be accepted, we strongly encourage you to use the online License Management System (LMS) to submit your application to avoid errors in fee calculations, unnecessary submittals, and processing delays.

The applications shown once you are logged in depend on the user role your account has been assigned related to the business your account is associated to. If you don't see the application you are looking for, click on the Continue link under Applications to see if it has already been started.

Application Submittals for Tank Registration (new or renewal)

Applications for aboveground storage tank registrations are found on the Applications page by clicking the Business Applications link in roughly mid-center of the page.

Find the appropriate application form for either tank registration renewal or new tank registration and click the Apply Now button to start the form.

The screenshot shows the LMS interface with the following elements:

- Top Navigation Bar:** DPS Home, SFM Home, LMS Help, National Background Information - Fingerprinting.
- User Greeting:** Welcome, Max *Grinch | Logout
- Left Sidebar (Callout 1):**
 - My Account
 - Applications** (highlighted with a red arrow and callout 1)
 - Continue
 - Checkout
 - Transaction
 - Review
 - Business
 - Lookup
- Main Content Area:**
 - Available Applications:** Make sure to select the correct Business or Site Name from the "Filter By Service" drop down below. Click on the Apply Now button to the right of the applicable form. If you still do not see the needed application form below, please click the Continue link in the navigation pane to see if the form was already started.
 - My Applications | Business Applications** (highlighted with a red arrow and callout 2)
 - Filter By Business:** *Mount Crumpit Cave Tanks Test - Tanks (ASTAST000)
 - *Mount Crumpit Cave Tanks Test - Tanks (ASTAST000)** (123 Main, Lakeville, Minnesota 55044 -- Issued: 07/25/2022 -- Expires: 10/01/2023)
 - Applications Table:**

Applications	Action
RENEWAL: Aboveground Storage Tank Registration (term: Oct 2022-Oct 2023) RENEWAL REGISTRATIONS: this form is to submit registration renewals for tanks already in the system for FY23 (October 1, 2022-October 1, 2023). New tanks can also be registered on this form or by submitting the NEW: Aboveground Storage Tank Registration (term: Oct 2022-Oct 2023).	Apply Now
NEW: Aboveground Storage Tank Registration (term: Oct 2022-Oct 2023) NEW TANKS ONLY: this form is to submit registration for new tanks not already registered and in the system for FY23 (October 1, 2022-October 1, 2023). This form is not for registration renewals.	Apply Now

Callout 3 points to the "Apply Now" buttons in the table.
