

# 2020 ANNUAL REPORT

## ABOUT THE BOARD

The 21st General Assembly created the State Board of Medical Examiners in 1886 to license physicians and regulate the practice of medicine. Initially, the Board issued licenses to several classes of physicians, including medical (M.D.), homeopaths, and eclectics.

The Board did not issue licenses for osteopathic physicians until 1902. In 1921, the Legislature created a separate Board to license and regulate osteopaths. In 1963, the Legislature abolished the Osteopathic Board and redefined the State Board of Medical Examiners, making it a composite Board to license allopathic physicians (M.D.s) and osteopathic physicians (D.O.s). In 2007, the Board was renamed the Board of Medicine.

Non-physician “public” members have been on the 10-member Board since 1975.

Since 1994, the Board has regulated acupuncturists, first registering them, then licensing them. Over the past 130 years, the Board has directly or indirectly been responsible for licensure or regulation of other health care providers, including nurses, advanced emergency medical technicians, paramedics, and physician assistants. All of these professions are now licensed and regulated by their own Boards.

In 1996, the Legislature authorized the Board to establish the Iowa Physician Health Committee to administer a program to advocate for and monitor the recovery and rehabilitation of impaired physicians.

In 2015, the Legislature authorized the Board to join the Interstate Medical

In 2019, legislation was approved to license and regulate genetic counselors under the Board beginning in 2020.

Licensure Compact, which establishes an expedited process for medical licensure in participating states.

The Board regulates the practice of medicine and surgery, acupuncture and genetic counseling under the authority of Iowa Code chapters 17A, 147, 147B, 148, 148E, 272C and Section 653 in the Iowa Administrative Code.

The Board is charged with enforcing these laws and rules to protect the public from licensees who do not practice within prevailing and acceptable standards of care.

The Board is an Executive Branch agency within the Iowa Department of Public Health. The Board is funded entirely with licensure fees.

## BOARD MEMBERS

The 10-member Board of Medicine is composed of seven physicians (five M.D.s and two D.O.s) and three non-physicians who represent the public. Members are appointed by the Governor and confirmed by the Iowa Senate for a full three-year term or to complete the unexpired term of a member who resigned. Members receive a per diem and expenses, and can serve up to nine years.

The Board annually elects a chairperson, vice chairperson, and secretary and is organized into four standing committees, each with five members: Executive, Licensure, Monitoring, and Screening. The Board must be gender balanced and no more than five members can be from the same political party. Physician members must be actively engaged in the practice or the instruction of medicine for a period of five years just preceding the member's appointment, the last two of which must be in Iowa. Public members have been a part of the Board's composition since 1975.

The Board safeguards the public health, safety and welfare by:

- Licensing qualified physicians, acupuncturists and genetic counselors;
- Investigating complaints against physicians, acupuncturists and genetic counselors, establishing peer review committees, taking corrective action, and monitoring those under Board Order;
- Operating a program for physicians, acupuncturists and genetic counselors with an impairment;
- Defining the scope of medical, acupuncture and genetic counseling practices;
- Working cooperatively with certain other agencies, e.g., Board of Physician Assistants, Board of Pharmacy; and
- Operating within specified limitations, e.g., public meetings law, public records law, and the waiver and variance law.

## EXECUTIVE DIRECTOR'S REPORT

The Iowa Board of Medicine takes seriously its fundamental responsibility to serve the citizens of Iowa by ensuring that physicians and acupuncturists are qualified to practice and that they are adhering to the laws, rules and standards that regulate their practices.

### In 2020, the Board:

- Administered active licenses for 14,302 physicians and 71 licensed acupuncturists and 140 genetic counselors.
- Received 536 complaints and mandatory reports and completed reviews or investigations of 599 case files.
- Took 46 public disciplinary actions and voted to issue 65 confidential letters of concerns about licensees' conduct or practice.
- Filed charges against 15 physicians and issued four public consent agreements as a condition for medical licensure.
- Assessed civil penalties totaling \$42,000 involving 11 physicians.
- Initiated action to amend 7 administrative rules and completed a five-year review of the Board's administrative rules.
- Held seven two-day meetings, nine teleconferences and one disciplinary hearing.
- Issued 336 medical licenses to physicians who were qualified to use the expedited licensure process established by the Interstate Medical Licensure Compact.
- Continued a robust educational outreach program to the public and licensees, health care stakeholders, and state and federal government officials.
- Participated in training activities and regulatory discussions offered by the Federation of State Medical Boards and the Administrators in Medicine.

The Board places great emphasis on completing timely, fair and complete investigations that result in appropriate action. Concurrently, the Board provides assistance and guidance to licensees through the adoption of rules and regular communications on disciplinary actions and a variety of issues relating to their practices.

In addition, the Board remains a strong supporter of the Iowa Physician Health Program, which facilitates the intervention and rehabilitation of physicians who have mental, physical or chemical dependency issues that, if left untreated or not monitored, could impair their ability to practice safely.

This brief report is a statistical tabulation of the Board's work during 2020. Behind these numbers are the hard work of a devoted and professional staff and the exceptional public service of dedicated Board members.

The Board has a long history of transparency regarding its licensure, disciplinary and regulatory work, making public documents easily available on the Board's website. In addition, the agency has provided annual reports such as this one for several decades. Do you want to know more about the Board? ## FY2021 EXPENSE BUDGET

**BOARD OF MEDICINE’S EXPENSE BUDGET FOR FISCAL YEAR 2021 (JULY 1, 2020, THROUGH JUNE 30, 2021):** \$5,190, 452. The FY2021 expense budget includes roll-over funds for operations and to cover ongoing expenses for programming the Board’s database and to fund technology upgrades. The Board’s anticipated revenue from licensure fees in FY2021 is \$3,543,565. The Board is funded entirely with licensure fees, which have not been increased since FY2007. In FY2014, the Board reduced fees.

## ADMINISTRATIVE RULES

The Board of Medicine’s administrative rules, which have the weight of law, are found in Section 653 of the Iowa Administrative Code. Before the Board can adopt a new rule or amend an existing rule, the intended action item must be published in the Iowa Administrative Bulletin and reviewed at a public hearing. The proposed change can also be subject to review by the Governor’s Office and by the Administrative Rules Review Committee. In addition, the public can petition the Board to adopt, amend or repeal an administrative rule.

## IOWA PHYSICIAN HEALTH PROGRAM

The Iowa Physician Health Program (IPHP) is a confidential monitoring program created by the Iowa Board of Medicine in 1996. The IPHP was designed to protect the public by supporting and monitoring services for physicians whose health conditions may impact their ability to practice medicine safely. The IPHP promotes early intervention, diagnosis, treatment and monitoring for physicians with potential impairments caused by a mental health condition, substance use disorder or physical condition. Participants in the program receive confidential help without board involvement as long as they comply with program expectations. The IPHP monitors treatment progress and work quality. Specific requirements are based on the individual’s illness and risk to patient safety. The program is administered by the Iowa Physician Health Committee, which is appointed by the Board of Medicine. The committee and program are defined in Iowa Administrative Code 653 Chapter 14. Committee members receive a per diem and expenses.

The committee held six meetings in 2020 and met with 17 program participants. Staff members conducted field visits via Zoom, with 8 participants. The program’s budget of \$222,692 in FY2020 is funded entirely with licensure fees. Licensees do not pay additionally to participate in the program, but they are responsible for all costs associated with drug screening, therapy, treatment and so forth.

Staff members of the Board manage the program. The committee’s co-chairs and legal counsel provide guidance on case issues. **Members of the committee in 2020:**

- Eric Boyum, M.D., West Burlington, co-chair
- Kim Brangoccio, LMFT, CEAP, IAADC, Des Moines
- Martin Carpenter, M.D., Davenport
- Jeanine Freeman, J.D., Des Moines
- Jeanie Kerber, LISW, MPA, Ph.D., Ankeny
- Jeffrey Means, M.Div., Ph.D., Des Moines

- Alfred Fleming, M.D. - Sioux City
- Don Woodhouse, M.D. - Medical Director, Board of Medicine
- Kent Nebel, J.D. - Executive Director, Board of Medicine

Amy Van Maanen, LBSW, is the program’s coordinator and Emily Zalasky, LBSW, is the program’s case manager. Kristi Traynor, Emily Willits, Jordan Esbrook, all from the Iowa Attorney General’s office, provided legal counsel for the program and the committee in 2020.

### IOWA MEDICAL LICENSES

**PERMANENT** – A license to practice in any setting in Iowa. It's a two-year license that can be renewed.

**RESIDENT** – A license to practice in a Board-approved resident training program in Iowa. The license is issued for the duration of the training program.

**SPECIAL** – A license to practice by a highly specialized physician who is a medical college faculty member at the University of Iowa or Des Moines University who does not meet qualifications for permanent licensure.

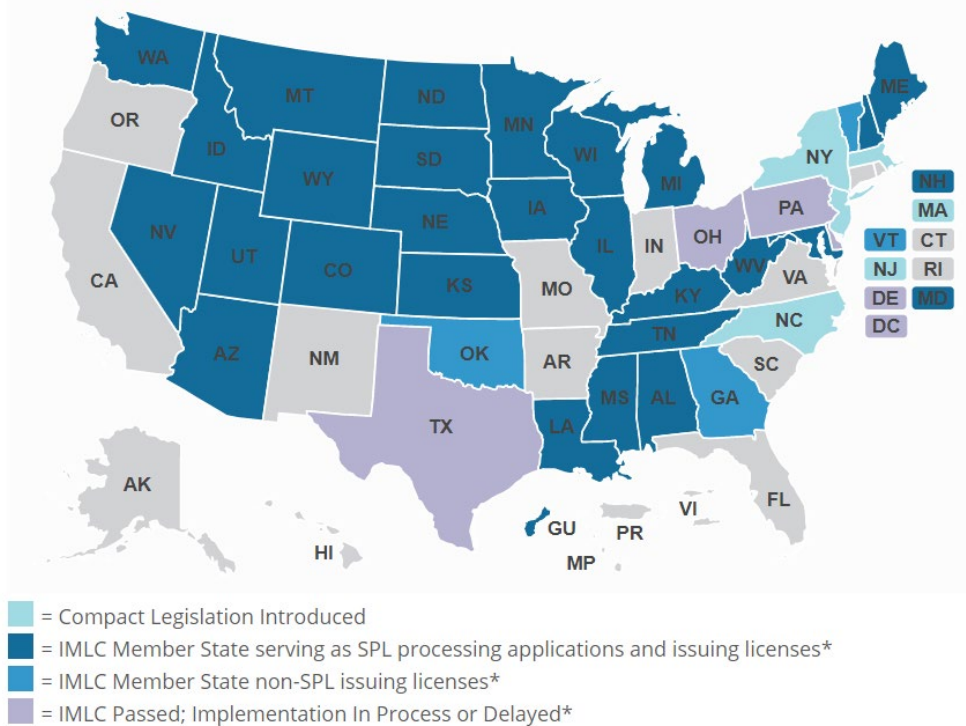

**TEMPORARY** – A license authorizing a physician to practice in a short-term Board-approved practice setting such as medical director of a camp.

**ADMINISTRATIVE** – A license for a non-clinical, administrative position in medicine not involving patient care.

## INTERSTATE MEDICAL LICENSURE COMPACT

Source: Interstate Medical Licensure Compact Commission)

The Interstate Medical Licensure Compact creates a new pathway to expedite the licensing of physicians seeking to practice medicine in multiple states. States participating in the Compact agree to work together in new ways to significantly streamline the licensing process and to strengthen public protection by sharing investigative and disciplinary information. Thousands of physicians have used the expedited licensure process since it began in April 2017.

The Compact [currently includes 30 states](#), the District of Columbia and the Territory of Guam. In these jurisdictions, physicians are licensed by 43 different medical and osteopathic boards. Other states are currently in the process of introducing legislation to adopt the Compact. The IMLCC has prepared a short video that discusses the IMLCC and provides additional information. [Overview of the IMLCC](#).

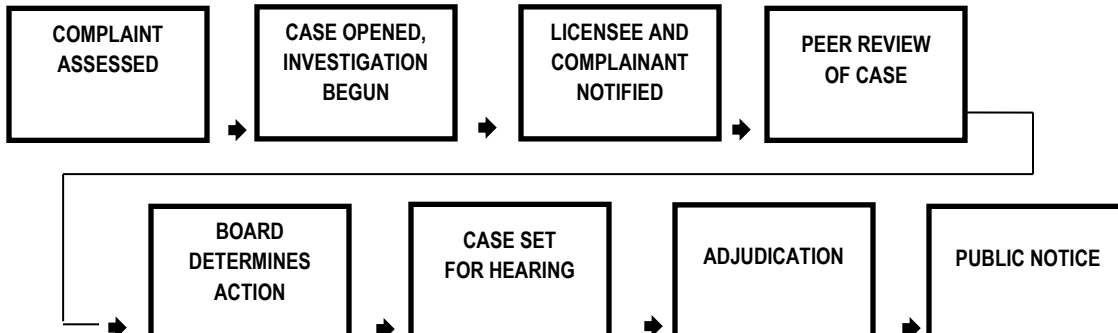

To be eligible for expedited licensure, physicians must possess a full and unrestricted license to practice medicine in a Compact state; possess specialty certification or be in possession of a time unlimited specialty certificate; have no discipline on any state medical license; have no discipline related to controlled substances; not be under investigation by any licensing or law enforcement agency; have passed each component/step of the USMLE or COMLEX (or equivalent) within three attempts; and have successfully completed a graduate medical education program. Approximately 80 percent of physicians licensed in the U.S. meet the criteria for licensure through the Compact.

A commission oversees the administration of the Compact. Iowa's commissioners are Mary Jo Romanco, a public member of the Board, and Warren Gall, a physician member of the Board. More information about the Interstate Medical Licensure Compact is available at [www.imlcc.org](http://www.imlcc.org)

## OVERVIEW OF COMPETENCY COMPLAINT PROCESS

## COMPLIANCE SUMMARY - 2020 CHARGES, AGREEMENTS:

In 2020, the Board of Medicine filed Charges against 19 physicians involving issues related to their practices in Iowa or related to adverse actions taken against them by another state's medical licensing Board. Total charges listed below exceed 18 because some physicians were charged with more than one count. The total charges include three Consent Agreements as a condition for granting an Iowa medical license, publicly recognizing adverse action taken against applicants by another state's licensing Board.

### **CHARGES:**

Discipline by Another Licensing Authority\* – 1  
Felony Criminal Conviction – 3  
Health Condition – 1  
Improper Pain Management – 1  
Improper Prescribing – 3  
Professional Incompetency – 1  
Sexual Misconduct – 1  
Unethical or Unprofessional Conduct – 2  
Unprofessional Conduct - 2  
Violation of the Standards of Practice for Telemedicine - 1

### **CONSENT AGREEMENT FOR LICENSURE:**

(Agreement puts public on notice of action against applicant by Iowa's or another state's medical licensing Board)

Discipline by Another Licensing Authority\* – 2  
Employment Termination – 1  
Restriction of Privileges – 1

## OUTCOMES: Complaints are most often handled in one of three ways

**1. NO ACTION.** This is the result when no violation of laws, rules or medical care standards has occurred. The licensee and complainant are notified and the information is kept on file.

**2. INFORMAL ACTION.** There may be no violation of laws, rules or medical care standards that warrants public action, but the Board is nonetheless concerned about some aspect of the licensee's conduct or performance. The Board will issue a confidential letter of education or warning cautioning the licensee against repeating similar conduct or practice. Complainant is notified that no formal disciplinary action has been taken.

**3. PUBLIC CHARGES FILED.** The Board determines there is a violation of laws, rules or medical care standards and files public charges and a disciplinary hearing is scheduled.

(\*Actions were taken against these three physicians in other states for these issues: Discipline by Another Licensing Authority – 1; Failure to Conform to the Standards of Acceptable and Prevailing Medical Practice and the Ethics of the Medical Profession – 1; Failure to Comply with an Order Issued by the Disciplining Authority or a Stipulation for Informal Disposition Entered into with the Disciplining Authority – 1; Felony Criminal Conviction – 1; Incompetence, Negligence, or Malpractice which Results in Injury to a Patient or Which Creates an Unreasonable Risk That a Patient May Be Harmed – 1; Unprofessional Conduct – 2)

**COMPLIANCE SUMMARY - 2020 INFORMAL ACTIONS**

When the Board of Medicine determines that probable cause does not exist to take formal public disciplinary action the Board may send a confidential non-disciplinary letter to a licensee expressing concerns and requesting that a licensee take corrective action. In 2020, the Board voted to issue 65 confidential letters addressing the following concerns:

**FEBRUARY 6-7 MEETING – 10 LETTERS**

1. Concerns about a physician's placement of a patient's gastric tube.
2. Concerns about a physician's failure to address a patient's abnormal CT scan of the chest resulting in the delayed diagnosis and treatment of lung cancer.
3. Concerns about a physician's failure to personally assess a psychiatric patient in the emergency department.
4. Concerns about a physician's failure to document the need for an early induction of delivery and a patient's C-section.
5. Concerns that a physician mistakenly switched the pathology reports for two patients resulting in an unnecessary surgical procedure for one patient and the delayed diagnosis and treatment of prostate cancer for the other patient.
6. Concerns that a physician failed to provide complete, accurate and truthful information on their license renewal application.
7. Concerns that a physician failed to provide necessary information on an application for an Iowa medical license and failed to update their address and telephone number with the Board.
8. Concerns that a physician was disciplined by another state licensing Board for alcohol abuse.
9. Unethical or Unprofessional Conduct

## ALTERNATE MEMBERS

Alternate members of the Board of Medicine play an important role in contested case hearings. Up to three alternates can serve on a six-member panel for a hearing when a quorum (six members) of the 10 current members of the Board is not available. Since it was authorized by law in 2008 and implemented in 2009, the Alternate pool is routinely tapped for hearings. Alternates are recommended by the Board, but must be approved by the Governor. An Alternate’s term is nine years. Alternates receive a per diem and expenses. **Alternates serving in 2019 were:**

## PEER REVIEWS

In addition to three public members, the Board of Medicine includes seven physicians, representing at most seven specialties. Complaints about Iowa physicians, however, cross the spectrum of specialties, from anesthesiology to urology. Therefore, in competency issues expertise in a given case may not be available on the Board when the case is discussed. If, after a case has been investigated and discussed at the Board level, specialty expert opinion is needed to fairly determine if the standard of care has or has not been met, a formal peer review may be requested. Don Woodhouse, M.D., the Board’s medical advisor, will recruit physicians to serve on a committee to review a case file, which includes the investigative report, interviews with the complainant, witnesses and the physician involved, and pertinent medical records. The peer reviewers then discuss their findings and determinations amongst themselves and submit a formal report to the Board for consideration. Iowa physicians who are interested in serving as a peer reviewer may contact Dr. Woodhouse at (515) 242-3229. An instruction manual for peer reviewers is available at [www.medicalboard.iowa.gov](http://www.medicalboard.iowa.gov)
