

### Renewal Fee Calculation Worksheet

<b>Fees: June 30, 2020 expiration date of license</b>	
	License #1 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
+	License #2 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
+	License #3 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
	<b>Subtotal</b>
X .70	Multiply subtotal above by .70 if renewing more than 1 active journey, master, or contractor licenses at same time for same person. This is your license fee with discount. Apprentice, specialty, inactive, or medical gas certification licenses are not eligible for discount.
=	<b>Subtotal with discount</b>
+ \$25	Add paper application fee
+	Add late fee for license #1 (\$60 in August or \$100 if postmarked on or after September)
+	Add late fee for license #2 (\$60 in August or \$100 if postmarked on or after September)
+	Add late fee for license #3 (\$60 in August or \$100 if postmarked on or after September)
=	<b>Total Amount Due for paper application</b>

<b>Fees: License Expired More Than One Year Ago</b>	
	License #1 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
+	License #2 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
+	License #3 renewal fee (either \$50, \$75, \$180, \$240, or \$230 based on license type)
=	<b>Subtotal</b>
+ \$25	Add paper application fee
=	<b>Total Amount Due for paper application</b>
